**Welcome** to award-winning Hartland Abbey with its beautiful gardens and woodland walks leading to the sea. Founded by Augustinian monks in 1157 in a winding valley leading to a wild Atlantic cove, the Abbey survived longer than any monastery in England; Henry VIII gifted it to the Sergeant of his Wine Cellar whose descendants live here today. Visit this welcoming family home, only a mile from Hartland Quay on the Atlantic coast.

**Experience** the history, fascinating interiors, family memorabilia, exhibitions, gardens and beautiful walks in the clean Atlantic air. Good traditional fun for families; the Quiz, Nature Trail, Malory Towers Trail, woodland paths, peacocks, black sheep and donkeys fascinate children. A popular film location, BBC's 'Sense and Sensibility', The Antiques Roadshow, 'The Night Manager', 'Gold Digger', Rosamunde Pilcher's 'The Shell

Seekers', 'The Guernsey Literary and Potato Peel Pie Society', 'Rebecca' and Enid Blyton's 'Malory Towers' were all filmed here recently.

**Eat** in the friendly Old Kitchens Tea Room; delicious homemade light lunches, cream teas, scrumptious cakes and hot drinks are served from 11-5pm.

**Enjoy** pictures, furniture and porcelain collected over generations; portraits by Reynolds, Gainsborough, Hudson, Ramsay and Kneller; the huge circular, expanding table by Jupe; furniture by Hepplewhite and Chippendale; embroidery; stunning architecture including the Alhambra Corridor by Sir George Gilbert Scott; murals of family involvement in mediaeval history; Victorian and Edwardian photographs from family albums of the Sudan Campaign and contemporary social scenes. The Museum displays seals, documents from 1160AD and intriguing memorabilia. The Abbey Shop sells a lovely range of gifts and cards.

**Walk** under a towering tree rhododendron to woodland gardens of camellias, azaleas and hydrangeas, the Gertrude Jekyll designed Bog Garden, Fernery and enchanting 18<sup>th</sup>C Walled Gardens. After years of restoration visitors can experience these romantic gardens as they were a century ago; tulips, spring bulbs, mixed borders, roses, tender and rare plants, organically grown vegetables and fruit flourish within the mellow walls and glasshouses. Visit the restored Woodland Summerhouse and Gazebo, the beach at Blackpool Mill; explore rediscovered paths through bluebells and wildflowers in spring. Or just sit in the sun and relax...

**NEW MUSEUM EXHIBITS:** 'Falconry by The Hon Gerald Lascelles' and 'A Victorian Honeymoon'.
